FEBRUARY/MARCH 2019

FCS PEAK ACADEMY

PURSUING EXCELLENCE AND KNOWLEDGE

FIELD TRIPS:

On February 21, 2019, FCS Peak Academy (Hapeville) hosted our first annual Career Day. Our students had the opportunity to hear from seven phenomenal individuals whose career paths include police officer, cosmetologist, accountant, music sound and engineer, fire fighter, a Delta airline market manager as well as cyber security analyst. The students at FCS Peak Academy thoroughly enjoyed our panelists, as they were able to ask and receive answers to their questions as they were related to their future careers. As staff, we witnessed our students apply our norms while sitting before our guests, showing respect. This was our first year putting together a career day but surely, it will not be our last.

Each year at FCS Peak Academy (Hapeville), we take our students to tour the local colleges here in Atlanta, Georgia. This year our students had the opportunity to tour the illustrious Clark Atlanta University, Spelman College and Morehouse College.

Peak Academy celebrates Black history month at the Civil Rights Museum. Students were exposed to the rich history of civil rights leaders and various exhibits of Human rights and segregation.

Hapeville Career Day. Students listen to a panel of community members with various professions.

STUDENTS OF THE MONTH

Roswell—

Yousif Albeer studied hard, showed up to school every day, and accepted re directions on a daily basis for the month of January. Yousif found himself reaching OBS status and being nominated to Student of the Month. As, Student of the Month, Yousif has enjoyed Falcon privileges and focused on helping his peers to better themselves.

Hapeville—

Niyah Daniel is a 10th Grade Student that has made tremendous strides from last year behavior. Ms. Daniel has been concentrating on her academic work as well as helping in the building with her peers. Ms. Daniel has decided to become more of a leader in our program, assisting in the cafeteria, moving transition lines and speaking more in assembly. Ms. Daniel was recently voted by the staff to become a Pledge member for FCS PEAK Academy.

Union City—

Robert DeBruce has been the strong positive role model his fellow peers and class mates can look up to and receive assistance and guidance from since he started in the program. Since joining our school environment, Robert has been consistent, determined, and focused on accomplishing his goals as a young man. His genuine positive attitude, constant compliance to the school's norms, and his always lending a hand to help and support our campus has helped him progress through the program. He is currently a positive observation, working his way to receive his pledge log. Robert's continuous hard work and positive mindset in and out the classroom will set him up for success and propel him to accomplish all his life goals.

COUNSELOR'S CORNER

Greetings from the PEAK Academy Counseling Department!! Second semester is in full swing and the students are doing amazing things. The returning students are fully acclimated to the PEAK Academy norms and they are helping new students complete their New Peer Packet. A new crop of Student Government is sprouting up rapidly!!! Great job students, we are very proud of you!!

As the weather gets warmer, students will be allowed to wear shorts as a part of the PEAK Academy uniform. Please be mindful dress code

must be followed. Students must wear the appropriate color for their campus. No cut-off shorts, holes, or rips will be permitted. Shorts must reach the knee of your student.

Spring semester also brings us to the testing season. The EOG (End of Grade) assessment is scheduled for April 15, 2019-April 29, 2019. This is an assessment that measures a student's knowledge in the content areas of Math, ELA, Social Studies, and Science. This assessment is for all 8th grade students. The EOC (End of

Course) assessment is scheduled for April 29, 2019-May 14, 2019. This assessment is for high school students that take the following courses: 9th Lit, Biology, Algebra I, Geometry, Physical Science, American Lit and Composition, Economics, and US History. More information will go home as we get closer to those dates. If you have any questions or concerns regarding these assessments or your child's progress please contact your campus School Counselor, Ms. Jackson(Union City), Ms. Jasper (Hapeville), and Ms. Morgan (Roswell).

Thank you parents for all your support!!!
