LEXI REACHES GOLD LEVEL

SOCIAL WORKER APPRECIATION MONTH

PI DAY?!?!

HIGH ROAD CHRONICLES

HIGH ROAD STUDENT WALKS ACROSS THE STAGE! -SENIOR ACCOMPLISHES GOAL-

Jalen has done it.

With a lot of hard work and dedication to bettering himself, Jalen will be graduating and walking across the stage next month to earn his diploma. Jalen has been a student of High Road for the past 3 years. He stated that feels like its taken forever to get to this point, however, he appreciates the people that helped him along the way.

“Overall, the whole staff had my back since I walked into High Road. I had to learn how to deal with my emotions while still learning how to be a student. It was hard, but I am a better man for it.”

Jalen has committed himself in the classroom to get the grades to ensure that he graduated. He became an active participant, along with his guardians, in his IEP meetings to voice what it was that he needed in order to

“ Im just glad that its finally over and I can focus on the next part of my life. “

- Jalen C.

Here are some brief words from Jalen’s teacher Ms. Barnes:

“Jalen has had a lot of ups and downs while he was here, however, it makes me extremely proud that he did whatever was necessary to walk across that stage.”

NATIONAL "PI" & POTATO CHIP DAY!

March 14 may be one of the best days nationally. That is because on March 14, it is National Potato Chip Day. Students that were on Blue Level were able to compete in an exercise with Mr. Singletary and Ms. W. Barnes and hold their very own party in school.

The students that participated in the exercise were awarded a variety of chips, tortillas, salsa and various dips. The students that won the exercises were awarded with slices

of pie. That's because, March 14 is also National "Pi" day as well. Pi being universally known as the ratio of the circumference of a circle to its diameter. The rational number that never ends starts out as 3.14 or "pi".

The students definitely had a great time enjoying on the play on words while being able to dine in

on the various treats that they had earned.

Education never tasted so sweet!

Congrats to Lexi G. for reaching **GOLD LEVEL**

Lexi has worked hard this school year to reach Gold Level. She is an honor roll student that has exceeded her own expectations. Way to go Lexi!!!

Happy Social Worker's Month

Mrs. Proctor is Southern Maryland's outstanding social worker. Her hard work and dedication makes her beloved and adored by the students and staff. We are lucky to have her on our staff and would like to thank her for all that she does!
