

# THE SENATOR SCRIBBLE

## Welcome Back

*By Mrs. Keller*

Welcome back everyone! I know this is hard to believe ... but we teachers really missed you over the summer! So far it has been an exciting year filled with activities, challenges, and fun. I know in art class we have been inspired by Mona Lisa's lasting expression to express ourselves in our art! I hope this paper captures some of your expressions through both your articles and your pictures. Don't worry. There will be more papers for you to be a part of in the future. Enjoy :)

## Field Trip

*By Mrs. Keller*

So far this year, we have had a few fun outings. Some of us got to see creepy crawlies fly all around at the Hershey Gardens. By creepy crawlies I mean butterflies, of course. These beautiful critters must have cast a sleeping spell on our elementary students because several of them dozed off to sleep!

## Beauty Tips 101

*By Aniyah*

Hi! I'm Aniyah Maldonado and I'm here to help you get flawless skin. Follow all the steps and watch your skin glow. Always wash your face before and after bed. You always want to use warm water to wet your face and open your pores, then cold water to rinse and close pores. Another thing is you can use rubbing alcohol on a cotton ball to get the dirt out your face either before or after you wash it. I always chose after. If you are using a face brush, it good to clean them after every use. If you are using your hands, make sure your hands are clean and mix the face wash on your hands then put it on your face. When applying with your hands, you want to move your hands in circular motion for best results. Remember always be gentle when it comes to washing or drying the face off. These are some ways to have great clean skin.

# YOUR SPOTLIGHTS

## Mrs. E's Puppy

Hi guys! My name is Diesel. My owner is a teacher, her name is Mrs. Eisenhower. Everyone calls her Mrs.E for short. I am 5 years old. I am a handsome man. I weigh 100lbs. I am a German Shepherd Dog. My personality is so fun. I really dislike men and can't stand to be around them. I'm very friendly though. I love babies. Some people I see I am kinda shy, but I am so loving once I get to know you. I'm very protective, intelligent, and extremely stubborn. I am such a family dog. Mrs.E's favorite thing about me is my big fluffy ears. I also need to be brushed daily due to constant shedding. Every month I take a trip to the pet salon to get my nails trimmed. I have been in Mrs.E's life since I was 8 weeks old. I am her first dog that she has personally owned. Mrs.E considers me as one of her children.

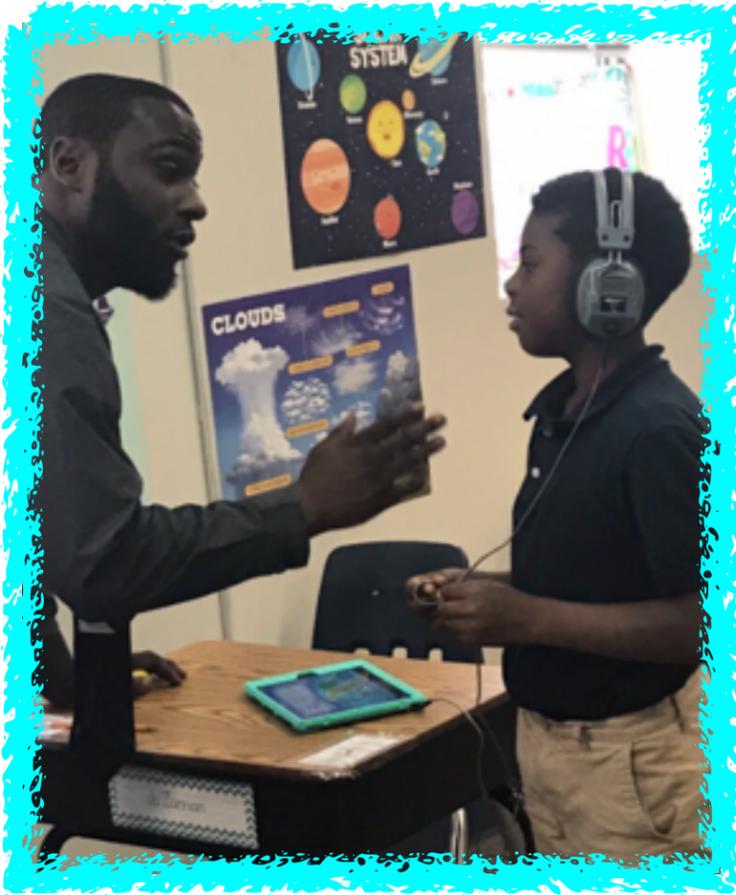

## Artist of the Month

As you know, I love to have a little fun especially in the name of art. So here are my renditions (that means makeovers) for Mona Lisa and Frida Kahlo. Thank you Mrs. May and Ms. Cole for being my specimens. **OTHER TEACHERS**

**BEWARE. YOU COULD BE NEXT!**

# YOUR WORLD

## Jordans

*By Devon*

Right now, these are the popular shoes out. They get sold out everytime a new pair come out.

They have a price range from \$140-220, depending on the size and what kind of shoes they are.

Jordans can resell for better prices if they are an OG Jordan shoe. They can be sold 10 years later if there are still in good condition.

I think Jordans have the best shoes out because they always get sold out and people always have them.

# About Me

*By Michael*

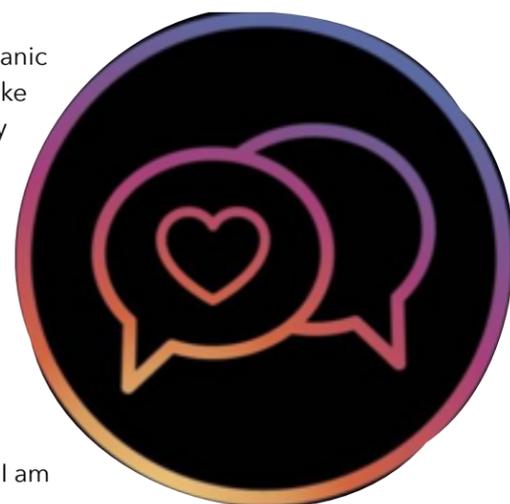

Hi my name is Mike. I am a quiet person. I am like that until I talk and get to know someone or somebody. I chose to come to this school called Capitol Academy to get a new and fresh start and to focus in my classes more. In this letter, I'm going to be telling you about myself and the goals I have for myself.

My physical appearance I of a high school male. I have brown hair and brown eyes. I wear glasses that have two different colors when it hits the light. The colors are a light brown and a lightish orange. I like my hair wavy at the top and short on the sides. I'm about 5'6 and that's me on the outside and not how I am and act on the inside.

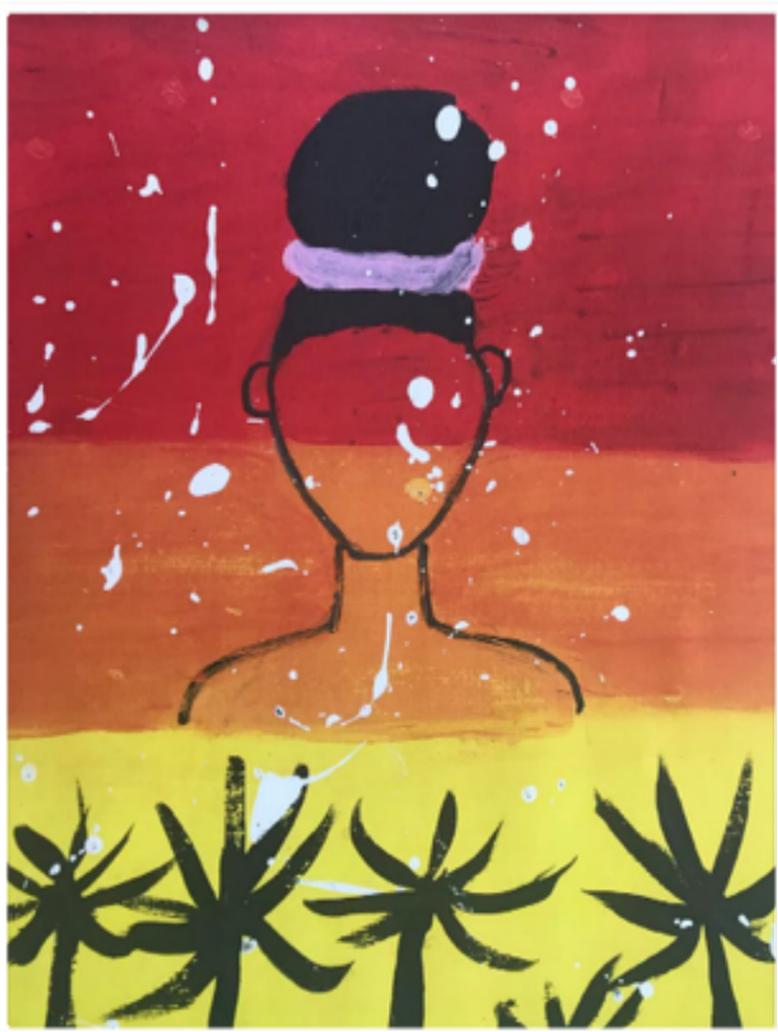

Next, I'm going to be telling you about my interests and what I like. I like playing video games like gta, fortnite, also call of duty. I don't like school because of one reason and that reason is because you have to wake up so early in the morning. I like to play soccer because I want to be like this soccer player named Messi. He is a famous soccer player for the team Barcelona. Another large part of me is my goals.

I set large goals for myself. One of my goals is to be a mechanic because I enjoy building and working on things. Also, I like fixing things. Another one of my goals is to pass all of my classes and get through the year. I can do that by getting my work done and focusing in my class. The last goal is to get in the military because I want to work on specialized weapons and cars like hummers, tanks, and amv's. Those were my goals for when I get older.

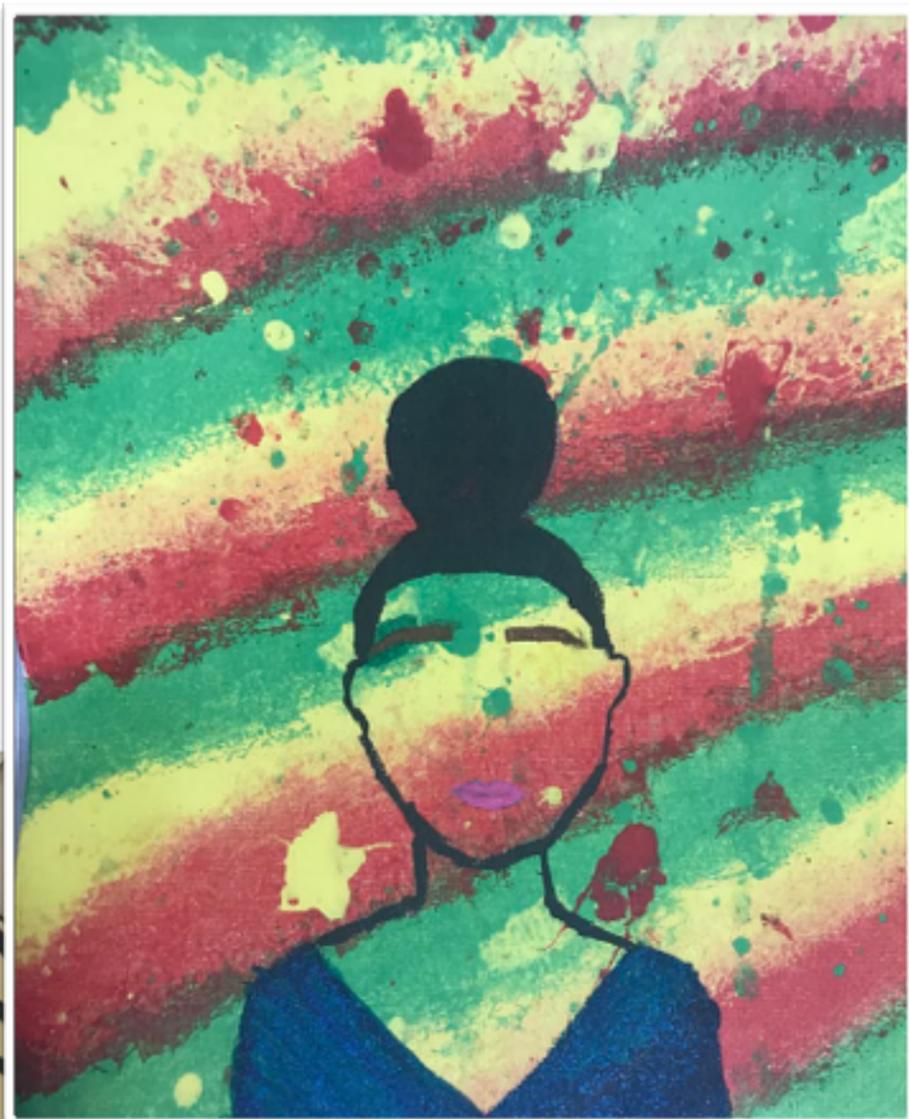

Now you know about me and what I want to do when I get older. Also, I am really good at video games. For example, I am really good at fortnite and I got in the champions division in arena. This is just a little bit of who I am right now.

YOUR THOUGHTS

# YOUR HOBBIES

## Video Games

*By: Ethan Yovanovich*

3rd September 2019

Video games: The most popular racing game out now is Forza Horizon 4 for Xbox One. It is a single player racing game where you can drive around Great Britain, buy cars, drag race other people or friends, customize cars, upgrade cars, and even sell them while earning money for doing all of that. I personally like Forza Horizon 4 because I love racing games overall and just sitting there playing this

game sometimes makes me feel like I am actually in the car I am driving. You are able to just free roam all around Great Britain and can even find abandoned cars sitting in barns. You can also take them in and upgrade them to make them faster and cruise with those cars. You can earn money by racing your cars against computers or online players, by just selling your cars, or just by the wheel spins which you get every time you level up. You can also win more cars from those wheelspins. Come join the fun and cruise around Great Britain with your friends!

## Animals

*By Ian*

This is Warner, he is lab/pit mix. He is a beaut isn't he? He's about 3 years old so he is fun and energetic. He knows basic commands and used to live in a home, so he has good house manners. He came to Speranza in January of 2017 and has been looking for a new family ever since. He would do best in a home with no young children just because of his size and energy level. With proper exercise, attention, and training he has the potential to be an extremely good dog. Speranza Animal Rescue is for

## Basketball

*By Mrs. Keller*

I got to join the high school class for a little outdoor activity time last week. It was a perfect day and a perfect moment shared by all. Also, I'm pretty sure Ms. Cole has more endurance than any other high schooler she played!
