Teacher joins in on Fun Friday!!!!

1

JACCORI S.

Came in first place with the most amount of point to the cup

2

TRENT J.

Had the most consecutive balls in the same hole.

3

BRANDEN H.

Lead the group in distance the ball traveled

Meet the iReady superstar!!!

Eighth grade student soars over competition to earn high marks...

100 points. That's how many points eighth grade stand out Jaccori S improved over the course of the last month in his iReady scores.

Jaccori was not attentive when he first started testing on iReady. The director of the school Mr. Daniels noticed Jaccori's low scores and asked him what was going on. Why was he receiving such low scores. Jaccori shrugged.

Mr. Daniels sat down with Jaccori over a period of a couple weeks to watch his test taking habits and to see if there were any glaring reasons as to why such an intelligent young man could receive those scores. Mr. Daniels noticed that Jaccori was not that focused on the testing at all. He also figured out that Jaccori was not really motivated to do well in testing at all.

So, Jaccori, Mr. Daniels, and Jaccori's teacher all sat down and came up with an incentive contract to improve his scores.

Gradually, his scores started to increase and he wanted to get on iReady on his own. His homeroom teacher did not have to tell him to do so, and her required zero prompts to remain on task. iReady scores aren't the only thing that increased, Jaccori's maturity level has grown as well...

“It really wasn't that hard once I sat down and ignored everyone around me.”
-Jaccori S.

SAY HELLO TO THE NEWEST MEMBER TO OUR FAMILY!!!

We have our very own High Road newborn. On September 26, 2019, Ms. Barnes delivered 8 lbs, 1oz Keandre Rashad Jr. “KJ” is a big 21 inches with one heck of an appetite. The whole staff and student population have been anxiously awaiting his arrival for a while. We are so proud of Ms. Barnes and can not wait to meet her bundle of joy!!!
