

Catapult Learning 

35 YEARS STRONG

in New Jersey Schools

40
DISTRICTS

600
TEACHERS

11,000
STUDENTS

Catapult Learning has been a trailblazer in education, partnering with schools and districts across the country to augment support for students and teachers. Through our work in New Jersey, we have continued our mission of positively impacting the educational, behavioral, and social-emotional welfare of every child. The pillars of our programs include student support, flexible implementation, regulatory expertise, and local accountability.

Math

Reading

Normalized gains represent a student's growth compared to a peer group. If a student has experienced normalized gains they have at a minimum kept pace with their same-aged peers.

“ It is a professional organization whose focus is on quality in both content and delivery of services. Catapult Learning has been able to customize instructional services, professional development and parental involvement activities to meet the needs of eligible students, their teachers and families. ”

- Margaret A. Dames, Ed. D. – Superintendent of Schools, Archdiocese of Newark

“ Catapult Learning has done an outstanding job with customizing professional development academies and coaching activities to meet the needs of our teachers in Title One schools and other staff within the district including administration. ”

- Estee Mailot, Ed.D. – Director of Funded Programs, Toms River Regional Schools
