HIGH-DOSAGE TUTORING

Catapult Learning's High-Dosage Tutoring solutions are designed to accelerate learning in literacy and math for K-12 students. Our solutions work by activating existing and relevant knowledge, building prerequisite skills, and reinforcing foundational skills.

WHY HIGH DOSAGE TUTORING?

A comprehensive, integrated approach for schools and families that supports the whole student and optimizes academic outcomes, High-Dosage Tutoring focuses on acceleration by reinforcing key skills in the current grade's core content and providing additional supports when necessary¹. Studies show that students who experienced learning acceleration models had better outcomes versus those who only experienced remediation².

TARGETED INSTRUCTIONAL SUPPORT TO ACCELERATE LEARNING

Catapult Learning's High-Dosage Tutoring program utilizes our Acceleration Framework — a research-based approach that includes:

Diagnostic Assessment - academic and/or social-emotional assessments pinpoint areas of strength and areas in which students need support

Individualized Student Plan - using diagnostic data, our instructors create individualized academic and social-emotional learning goals to guide instruction as well as establish a baseline from which to monitor growth

Personalized Support – tutors provide personalized and targeted support aligned to each student's individualized plan

Formative Assessment – ongoing assessments to monitor progress, allowing real-time differentiation to maximize growth and achievement

EVIDENCE-BASED CURRICULUM

Our High-Dosage Tutoring curriculum, AccelerateLiteracy and AccelerateMath, provides intensive, research-based grade-level support with a focus on high-impact prerequisite content and skills that benefits all students.

High-Dosage Tutoring is most effective for at-risk students when combined with supplemental intervention services, like Catapult Learning's AchieveMath and AchieveLiteracy intervention programs. Our supplemental services can lead significant growth to close opportunity gaps over the course of a single school year.

SOCIAL EMOTIONAL LEARNING (SEL)

SEL instruction is embedded into all of Catapult Learning's Intervention and High-Dosage Tutoring programs. SEL expands students' 21st century skills in critical thinking, collaboration, creativity, and empathy — all critical for success in college, careers, and beyond. Our SEL programs include research-based and CASEL-aligned curricula, evidence-based assessments, as well as tools to monitor ongoing progress.

Additional student and family support are also critical aspects of Catapult Learning's dedicated SEL program, which is based on the understanding that the best learning emerges as a result of supportive relationships that make learning challenging, engaging, and meaningful. Areas of focus include:

- Counseling
- Professional Development
- Family Engagement

FLEXIBLE DESIGN

We will partner with you to design a program that meets the needs of your school and students.

WHO:

All K-12 students
in small groups
of up to 4 students

WHEN:

Before, during,
or after school,
on the weekend,
or over the summer

WHAT:

Literacy + SEL
Math + SEL

FREQUENCY:

4 to 5 Sessions/Week,
45+ Minutes/Session

WHERE:

In-person, Hybrid,
or Virtual

ASSESSMENTS:

Diagnostic, Formative,
Interim, and
Summative

Session length and frequency can be adjusted to fit your goals. We recommend at least 3 sessions/week, and a minimum of 45 minutes/session.

TURNKEY IMPLEMENTATION

Catapult Learning will provide everything you need to seamlessly launch and run an engaging High-Dosage Tutoring program for your students:

Tutor recruitment, selection,
onboarding, training, and supervision

Scheduling

Curriculum and learning materials

Online learning platform (if needed)

EXPERTLY TRAINED TUTORS

Catapult Learning's highly-qualified tutors serve as mentors and motivators, helping students build self confidence and develop a love for learning. Every tutor receives intensive training on instructional strategies in literacy, math, and SEL. Tutors are also provided with a wealth of supporting materials as well as on-going training and coaching to assist them in assessing, motivating, and accelerating student learning.

FAMILY SUPPORT

Multiple touchpoints are woven throughout our High-Dosage Tutoring program to ensure families are informed of students' progress and growth.

Why Catapult Learning?

Catapult Learning, a division of FullBloom, provides intervention programs for students and professional development solutions for teachers in both public and nonpublic K-12 schools. Our 5,000 educators deliver evidence-based programs that include student instruction, family support services, and professional development designed to help teachers' efforts to successfully integrate proven practices into the classroom. Executed by a team of experienced coaches, our professional development services strengthen the capacity of teachers and leaders to raise and sustain student achievement, improving education and overall quality of life. Intervention programs support struggling learners with instruction tailored to the unique needs of each student. Across the country, Catapult Learning partners with 500+ school districts, including 18 of the 20 largest, to produce positive outcomes that promote academic and professional growth.

Cognia Accreditation

Catapult Learning, as well as its Schools and Classrooms, are accredited by Cognia (formerly AdvancEd). The accreditation process involves three ongoing components: meeting high-quality standards; implementing a continuous process of improvement; and engaging in quality assurance through internal and external review. Our Corporate Accreditation demonstrates our commitment to provide services and solutions that meet the highest standards of educational excellence.
