

Using **EANS Funds** to Benefit Your School

Each school has its own specific needs, and EANS funding can be used to address those needs. When determining how to spend your EANS funds, it may be helpful to ask yourself:

• Do we have small group intervention and tutoring programs for all students who might benefit from them?

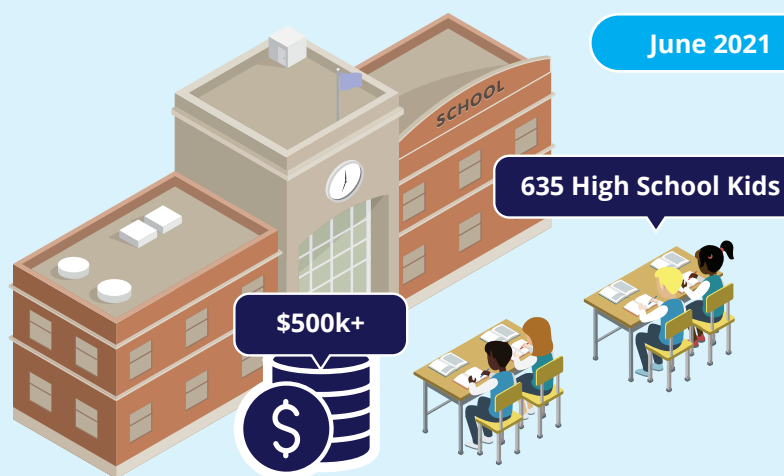

• Are we providing ongoing professional development and coaching for our staff?

• Do we offer emotional support services such as family counseling and social work services, or in-school nursing services?

IF YOUR ANSWER TO ANY OF THESE QUESTIONS IS “NO,” EANS FUNDING OFFERS THE OPPORTUNITY TO ADDRESS THOSE NEEDS.

Catapult Learning partnered with a private high school to create an impactful EANS program designed to meet the schools' specific needs.

- Summer ELA & Math w/Enrichment: 3 hours a day, 5 days a week, for 4 weeks serving 30 students, Summers '21, '22 & '23
- 1-year intensive Intervention program to supplement and support instruction
- Professional Development 6X a year for 2 years
- Coaching 12X a year for 2 years
