

# Private Nonprofit Schools 2022-2023 Campus Needs Assessment

Please complete the following Campus Needs Assessment (CNA) and submit to the Professional Development Manager for HISD.

HISD requires all private nonprofit schools to complete a Campus Needs Assessment to ensure that equitable services offered under federal programs meet the needs of students to promote student academic achievement.

**School:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**Enrollment:** \_\_\_\_\_

**Private School Official/Primary Contact:** \_\_\_\_\_

**Phone Number:** \_\_\_\_\_

**E-mail Address:** \_\_\_\_\_

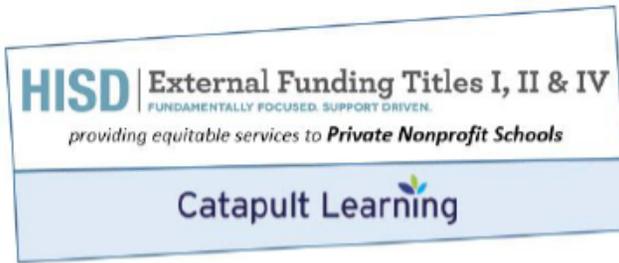

**Needs Assessment:**

1. Identify your students' academic needs and provide appropriate data for support. Prioritize needs, with most significant as #1.
2. Provide a summary of the needs in the past school year (2021-2022) and the professional development activities that addressed those needs. Identify services or activities that require continued sustained training for the 2022-2023 school year.
3. Identify your teachers' professional development needs as related to improving your students' academic achievement.

**Programs and Services:**

4. Describe the program, services, or other activities you would like to implement to address these identified needs. To the extent possible, include estimated costs of programs and services. Prioritize programs and services as related to meeting the needs noted above.

5. Describe how these services and programs will contribute to improving student academic achievement.

**Goal Setting:**

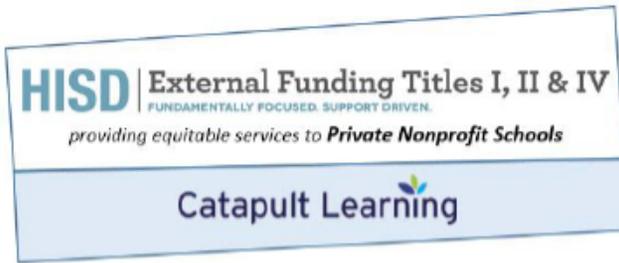

6. Write a suggested performance goal for your identified need and planned activities.  
(EXAMPLE: For an identified need in reading: “By May 2023, students participating in planned activities will increase their reading scores by \_\_\_ %.” For an identified need to enhance instruction in differentiated learning: “All teachers participating in the professional development will include differentiated learning practices in their daily instruction.”)

**Evaluation Plan:**

7. Explain how outcomes will be evaluated to measure the extent of performance goal success.
