A TEACHER WHO INSPIRED ME

My 9th Grade English teacher was an inspiration for me because she was very demanding of me. She saw potential in me that I wasn't ready to acknowledge. She never let me settle for mediocrity. Because of her consistency, it pushed me to excellence and led me to want to pursue education. I wanted to be the same driving force for future generations of students so that they would begin to see their unique greatness and maximize it to its fullness.
