High-Dosage Tutoring

Catapult Learning's High-Dosage Tutoring solutions are designed to accelerate learning in literacy and math for all K-12 students. Our solutions work by activating existing and relevant knowledge, building prerequisite skills, and reinforcing foundational skills.

Why High Dosage Tutoring?

A comprehensive, integrated approach for schools and families that supports the whole student and optimizes academic outcomes, High-Dosage Tutoring focuses on acceleration by reinforcing key skills in the current grade's core content and providing additional supports when necessary¹. Studies show that students who experienced learning acceleration models had better outcomes versus those who only experienced remediation².

Evidence-Based Curriculum

Our High-Dosage Tutoring literacy and math curriculum, provides intensive, research-based grade-level support with a focus on high-impact prerequisite content and skills that benefits all students.

High-Dosage Tutoring is most effective for **at-risk students** when combined with supplemental intervention services, like Catapult Learning's intervention programs. **Our supplemental services and can lead significant growth to close opportunity gaps** over the course of a single school year.

Targeted Instructional Support to Accelerate Learning

Catapult Learning's High-Dosage Tutoring program utilizes our Acceleration Framework — a research-based approach that includes:

- **Diagnostic Assessment**
Academic assessments pinpoint areas of strength and areas in which students need support
- **Individualized Student Plan**
Using diagnostic data, our instructors create individualized academic goals to guide instruction as well as establish a baseline from which to monitor growth
- **Personalized Support**
Tutors provide personalized and targeted support aligned to each student's individualized plan
- **Formative Assessment**
Ongoing assessments to monitor progress, allowing real-time differentiation to maximize growth and achievement

Turnkey Implementation

Catapult Learning will provide everything you need to seamlessly launch and run an engaging High-Dosage Tutoring program for your students:

Tutor recruitment, selection, onboarding, training, and supervision

Scheduling

Curriculum and learning materials

Online learning platform (if needed)

Expertly Trained Tutors

Catapult Learning's highly-qualified tutors serve as mentors and motivators, helping students build self-confidence and develop a love for learning. Every tutor receives intensive training on instructional strategies in literacy and math. Tutors are also provided with a wealth of supporting materials as well as ongoing training and coaching to assist them in assessing, motivating, and accelerating student learning.

Family Support

Multiple touchpoints are woven throughout our High-Dosage Tutoring program to ensure families are informed of students' progress and growth.

Flexible Design

We will partner with you to design a program that meets the needs of your school and students.

Who

All K-12 students in small groups of up to 4 students

When

Before, during, or after school, on the weekend, or over the summer

What

Literacy & Math

Where

In-person, Hybrid, or Virtual

Frequency

Up to 5 Sessions/Week,
45+ Minutes/Session

Assessments

Diagnostic, Formative, Interim and Summative

Why Catapult Learning?

Catapult Learning, a division of FullBloom, provides intervention programs for students and professional development solutions for teachers in K-12 schools, executed by a team of experienced coaches. Our professional development services strengthen the capacity of teachers and leaders to raise and sustain student achievement. Our intervention programs support struggling learners with instruction tailored to the unique needs of each student. Across the country, Catapult Learning partners with 500+ school districts to produce positive outcomes that promote academic and professional growth. Catapult Learning is accredited by Cognia and has earned its 2022 System of Distinction honor.
